Chennai, Tamil Nadu

Education

K.L.N College of Engineering

Bachelor of Engineering in Electrical and Electronics (CGPA: 7.77)

Jul 2017 – Jun 2021

Tamil Nadu, India

Shri Ramana Vikass Higher Secondary School

Higher Secondary (84%)

Jul 2015 – May 2017

Tamil Nadu, India

Experience

Tata Consultancy Services (TCS)

System Engineer

Oct 2021 – Present

Tamil Nadu, India

Projects

Walmart - Unified Innovation Portal (UIP)

- Designed and developed backend APIs for Walmart's internal idea submission platform (UIP), covering event creation, idea submissions, evaluations, and prototype management.
- Implemented workflows for admins to create events, assign themes, launch dates, documents, and manage submissions; assigned juries and moderators for evaluation.
- Tracked idea evaluation, prototype submissions, and automated certificate generation for participants.
- Integrated **Kafka** for seamless microservices communication and implemented in-app/email notifications.
- Worked with **Azure SQL** using table mapping and optimized queries with best database practices.
- Upskilling in **React** for frontend support.

Walmart - Sam's Developer Portal

- Developed the Developer Portal website using **WordPress frontend** and **Spring Boot backend**.
- Implemented **Swagger** for API documentation ensuring seamless user interaction.
- Developed APIs for campaign creation, video uploading, keyword uploads, and wrote **JUnit** test cases.
- Interacted with codebase and **SQL Server** to gain insights into API backend for efficient data retrieval.
- Debugged and resolved database issues, delivering technical solutions for customer-reported Jira tickets.

Comcast - NBC Universal Automation

- Developed and maintained automation scripts for UI testing using **Selenium**.
- Created and executed **Selenium** test cases using **Java**, executed daily on Jenkins, resolved errors, and pushed updates to GitHub.

Achievements

Received the **Star of the Month** award at TCS.

Completed the Java track in **Elevate Wings 1**.

Technical Skills

Languages: Java, HTML/CSS, SQL, React(Basics)

Technologies: Spring Boot, JUnit, Mockito, Selenium, Git

Databases: SQL Server, Azure SQL

Others: Kafka, RESTful APIs, Postman, GitHub
