NANDAN BARMAN

Senior Technical Specialist at AT&T

March 28, 2026, NANDAN managed Balaji directly

I would like to sincerely appreciate Balaji for his outstanding work. He quickly grasped complex concepts in Node.js and Kafka, and effectively implemented them across the UIP application. His contributions have significantly improved the performance and scalability of the system.

His ability to learn fast and deliver high-quality solutions in a short time is truly commendable. Great job, Balaji—keep up the excellent work!
